

4 REASONS TO ATTEND

GOSIGERFEST 2025

1

You'll See The Latest Technology in Action

Watch real-time demonstrations on 25+ CNC machines as our engineers show how you can revolutionize your production.

2

We'll Talk Through Solutions for Your Labor Challenges

Labor shortages eating into your margins? We showcase robotic solutions for shops of all sizes! Talk with automation experts to get your questions answered.

3

1-on-1 With the Industry's Brightest Minds

Bring your toughest manufacturing questions and discover impactful solutions from engineers and industry leaders.

4

Build Relationships that Deliver Real Value

Connect with 1,000+ fellow manufacturers who understand your challenges and build relationships with peers who've conquered the same obstacles you face.

INDUSTRY PARTNERS

MEET OUR NEW PARTNER,
VECTOR EQUIPMENT FINANCE!

GOLD SPONSORS

SILVER SPONSORS

Ahaus	Midaco Corporation
All World Machinery	Mitsubishi Materials USA
Blaser Swisslube	Nanofluid Technologies, LLC
Blue Ash Industrial Supply, Qualichem Metalworking Fluids, Pokolm USA	NexGenSolutions
Designfusion	Onshape by PTC
Edge Technologies	OSG USA, Inc
Emuge Franken USA	PDQ Workholding and Tooling
FastLane	Pioneer North America
Forkardt Hardinge	Positrol Inc.
GibbsCAM	Royal Products
Hainbuch America Corp.	SCHUNK
Kitagawa-Northtech Inc.	Select Machining Technologies
KYOCERA Precision Tools	SMW AUTOBLOK
LNS North America	Supertec Machinery Inc.
Lexair Inc.	Walter
Mastercam	WTO Inc

ZEISS Industrial Quality Solutions

Thank you to all of our sponsors!

9
TECHNICAL
SEMINARS

YOU ARE INVITED!

To the Region's Leading CNC Event!

WEDNESDAY
SEPT. 17
10AM - 6PM

THURSDAY
SEPT. 18
8AM - 3PM

108 McDonough Street, Dayton, OH 45402

For information on hotels, exhibitors, and more:

OKUMA	
GENOS M560-V	Vertical Machining Center with ORL-MC
GENOS M560-V	Vertical Machining Center
GENOS M560V-5AX	5-Axis Vertical Machining Center
MB-80V	Vertical Machining Center
LB2500 EX II	Lathe with ORL-D
LB4000 EX II	Lathe
LB3000 EX II	Lathe
LT2000 EX	Lathe with ORL-D
MULTUS B300II	Multitasking Lathe
MB-4000H	Machining Center
GENOS L3000-MYW-EX	Lathe
LT3000 EX	Lathe
2SP-2500	Lathe
GENOS L400II	Lathe
ORL-MC	Robot Loader Machining Center on GENOS M560-V
ORL-D	Robot Loader Drawer on LB2500 EX II
ORL-D	Robot Loader Drawer on LT2000 EX
V40R	Lathe

NOMURA DS	
NN-25UB8K	Swiss Style Lathe
NN-38DB	Swiss-Style Lathe
(2) NN-38JXB	Swiss Style Lathe
NN-20J3	Swiss Style Lathe with Bar Feeder
DST-40L	Compact Machining Center
DST-40DL	Compact Machining Center
(2) DST-36D	Compact Machining Center

IFP CLEAN	
KP.30	Parts Washer
KP.HYBRID 100	Parts Washer

MODIG	
MILL-EX	Horizontal Machining Center

AUTOMATION WITHIN REACH	
AWR RC	Rotary CNC Machine Tending
AWR PC PLUS	Pre-engineered Machine Tending Automation

JINGDIAO	
GRA200	High-Speed, 5-Axis Machining Center

FOOD WILL BE SERVED ALL DAY!
ALL MEALS CATERED BY SCHMIDT'S AUTHENTIC GERMAN RESTAURANT

TECHNICAL SEMINARS

WEDNESDAY, SEPTEMBER 17

“STOP THINKING ABOUT AUTOMATION, START DOING IT”
Automation Within Reach | 10:00 am - 10:30 am

- Discover if automation makes financial sense for you, explore proven solutions like Okuma Robot Loader (ORL) Series, and AWR’s Plus and custom series.

“THE VELOCITY ADVANTAGE: TOOLING INNOVATION FOR MODERN MACHINING”
Velocity | 11:00 am -11:30 am

- Discover new mill tool holders and automation-ready technologies designed specifically for Okuma machines.

“AUTOMATION AND COOLANT CONDITIONING FOR ENHANCED PERFORMANCE”
MP Systems | 1:00 pm - 1:30 pm

- Learn how high-pressure coolant, chillers, and filtration systems enhance automation reliability and reduce downtime.

“THE POWER OF AUTOMATION: IDENTIFYING THE BEST-FIT TECHNOLOGY TO OPTIMIZE YOUR MACHINING OPERATIONS”
Caron Engineering | 2:00 pm - 2:30 pm

- Identify the right automation tools for every stage of your machining process to achieve lights-out manufacturing.

“SANDVIK COROMANT’S NEW TECHNOLOGY IN MACHINE INTEGRATION PRODUCTS”
Sandvik Coromant | 3:00 pm - 3:30 pm

- Explore new turret-mounted clamping units, automatic tool change systems, and machine integration solutions for lights-out manufacturing.

THURSDAY, SEPTEMBER 18

“SLOW DOWN TO SPEED UP”
Blum | 9:00 am - 9:30 am

- Discover how in-process metrology can actually reduce overall cycle time while improving process stability.

“WITH ZOLLER, CONNECTED SOLUTIONS FROM CAM TO PART”
Zoller Inc | 10:00 am - 10:30 am

- Experience integrated tool management solutions from presetting to CAM integration and smart automation.

“HIGHER HMC PRODUCTIVITY: YOUR GUIDE TO ADDING A 5TH AXIS AND INTEGRATED HYDRAULICS”
Koma Precision | 11:00 am - 11:30 am

- Learn to maximize HMC performance by adding 5-axis capability and integrated hydraulic systems for automation.

“SUPERION: AMEC’S ANSWER TO THE SPECIAL CARBIDE AND PCD MARKET”
Allied | 1:00 pm - 1:30 pm

- Explore specialized PCD tooling and industry-specific capabilities for automotive and aerospace applications.
